Synopsis: Years before she saw a man being swallowed by a wave, inside a swimming pool.

With this event, time ceased to be linear, and in a split second her family disappeared, leaving only behind the traces of their presence. Through the window's reflex she realises her face has changed - the face is longer and the hair; she has memories inside her head, that she doesn't recognize. In another time, she returns to that place to try to confirm her memory.
